SUBJECT : Licensing my Content to NETFLIX

NETFLIX

100 Winchester Cir.
Los Gatos,
California, 95032
USA

Attn. to:

Mr Ted Sarandos
Chief Content Officer

Dear Mr Sarandos,

there is a type of potential NETFLIX Subscriber, who would be enticed to remain loyal to your Network for years, if they knew they'd have access to Training on Technical Analysis. Why? Because they need this knowledge in order to effectively, trade the currency pairs improving their financial landscape. Without it, they remain hopeless gamblers.

Quality Education on the subject, is costly and most can't afford it. If NETFLIX offers it as part of its low-fee monthly Subscription, keeping their NETFLIX Subscription active, will become their ticket to success and a high priority.

As seen on the infographic below, Ten Million Online Traders around the world, -true figures may be triple - with high interest for the search term "forex" per country on Google Trends, make this a burning hot audience :

<https://brokernotes.co/forex-traders-map/>

I'm looking to Sign an Exclusive 4 Years Long Licensing Agreement with NETFLIX -with rollovers and extensions- for my content. It consists of 200 Video Recorded Online Group Sessions in English, -a language understood by the vast majority of traders- each lasting approximately 2 hours. View a sample at : <https://fxholic.com/ted-s/> (password : ted)

You are the key Decision-Maker for such a cooperation and I take this role of yours very seriously. If you're interested, I would appreciate receiving your offer to ssstavropoulou@sioleeno.com

Yours Faithfully

Sofia Stavropoulou
